10 CENTS PER WEEK

A STREET CAR STRIKES A CHILD

Elsie Alexander of 312 South
Sixth the Victim.

Arm Is Broken Necessitating Am-
putation and Condition of
Child Is Serious.

WILL CLEMENTS IN CHARGE

Elsie Alexander, the three year old daughter of Policeman Ed Alexander, of 312 South Sixth street, was struck by street car No. 96, in charge of Motorman Will Clements and Conductor Dave Miller this morning at 11:30 o'clock and her left arm cut off, her face bruised and a severe injury inflicted on the right side of the head. The accident, it is claimed, was due to the little girl's hasty action in trying to cross the street ahead of the car which bore down upon her before her intention could be suspected by the men in charge.

She was playing in the front yard and when her father who had been seated on the front porch, went into an outhouse for a bucket of coal, slipped through the gate and started out into the street. The father knew nothing about her being outside the yard until he heard her screams and the sudden stopping of the car. He ran out to find she had been struck by the car, knocked down and thrown under the wheels. She was taken into the house and doctors summoned. The right arm was found to be mashed off from the elbow down and amputation at the elbow was necessary. Drs. Frank Boyd, Johnston Bass, Pittman and several others, performed the operation.

The snip had a severe cut and abrasion but this is not thought to be serious. The face was also badly bruised.

The Motorman's Statement.

Motorman Clements and the few on his car were the only eye witnesses to the accident, as far as can be learned. He said the child was standing near the gutter, in the street, when he saw her. At this time he had slowed down for the crossing at Tennessee street, and had shoved up his switch key again, and was going at a rapid rate of speed when he first noticed her. When the car was within a few feet of her, she ran out and attempted to get across. Every effort was made to stop the car and Motorman Clements cried out a warning, but too late.

At press time the condition of the child was serious and the outcome of the accident doubtful.

AGRICULTURAL DISORDERS

Are Spreading Throughout South-
eastern Russia.

Odessa, July 14.—Agricultural disorders are spreading rapidly through out Southern Russia. So far all efforts to check disturbances have failed. The situation is rapidly becoming alarming. In several provinces peasants have systematically destroyed farming machinery, belonging to landowners and in some cases looted estates, and have announced their intention of taking possession of large estates declaring they are real land owners.

Rockefeller Claimed by Voice.

Cleveland, O., July 14.—Harry Evans is a 12-year-old boy, the only support of a widowed mother. He has a sweet voice and has been earning money by singing in a public beer garden in the East End of the city. He'll sing there no more. Last Sunday he sang one of John D. Rockefeller's favorite hymns before the Sunday school of the Euclid Avenue Baptist church, of which the oil king is superintendent. Rockefeller, like the others who heard the sweet tones, was deeply affected, and sought out the lad later. Hearing his story, and that of his mother, he said:

"Madam, do not let him sing in amusement houses again. Harry must be educated; his voice must be trained for better service. It shall be, and I shall pay all the bills and support his mother until Harry's education is complete."

Both mother and son broke down and cried and accepted the oil king's kind proposition.

INSULT TO OUR FLAG

By Canadians Comes Near Causing a Riot.

London, Ont., July 14.—"To h— with Canada. She never showed us yet!"

These words, yelled out by one of the 300 American Orangemen who came across from Michigan yesterday to participate in the Orangemen's parade here, caused the desecration of the United States flag.

All day, before that, the Wolverines had paraded about, here and there hither and yon, ever and anon waving the stars and stripes, and always without meeting resistance in any form. Many times, too, the emblem of United States was greeted with cheers and applause from the Canadians, but everything was changed when the one ludicrous Yankee cut loose.

In an instant the handsome United States flag owned by the Port Huron Lodge of the Orangemen was torn from the hands of the man who carried it, rent into shreds and trampled under foot.

A free-for-all fight was barely averted. The Michiganders declare the insult uncalled for, and do not blame the Canadians for their forceful actions.

TOMMY'S PETER

Lawson Says Will Return to People If Gotten Gains.

Minneapolis, July 14.—Thomas W. Lawson, the hero of "Prenzled Finance," of Boston was the guest of the Minneapolis Commercial club today. Mr. Lawson spoke before 300 members of the club after luncheon.

"I'm not afraid of personal violence," he said. "I came out here unguarded, paying my own expenses, and I'm going to make a life work of this. I have several millions myself and I wroaged the American people in getting it. But I did not know it at the time. When the time comes I will give that money back to them."

"If I live I'm going to make the American people sell every dollar's worth of stock they have and by that time they'll know better to buy back."

"I have several millions, but I have not more than I am entitled to, the way the game is played, for I know the game and I have lived up to the rules of it."

"I am going to kill 'The System' not by law or anything they can delay by red tape, but by arousing the anger of 50,000,000 people."

EXTRA SESSION.

Of Congress to Convene on November 10th.

Oyster Bay, N. Y., July 14.—Congress is to be called to meet in extraordinary session November 10th next to take up railway rate legislation.

The decision of President Roosevelt to this effect is fixed and final. Various reports concerning his intentions have been in circulation for several months, ranging all the way from a special congressional session early in October to no special session at all and with every rate legislation plan put over to the regular session of December. But now the matter is settled—the national legislature is to be summoned to assemble a month before the ordinary date of its convening.

TWO DOZEN LEADERS HANGED.

Seventeen Others Are to Meet Violent Deaths Soon Before Public.

Odessa, July 14.—Twenty-four leaders of the recent disturbances were hanged today in various prisons. Another batch of seventeen will be publicly executed upon the arrival of Gen. Ignatieff, president of the special conference for the revision of the exceptional laws designed for safeguarding public order.

The battleship Georgi Pobedonozzev has arrived here with a fresh crew for the purpose of taking sixty-seven mutineers to Sebastopol for trial by court-martial.

JAILER EVITTS

Impeachment Trial Comes Up Tonight.

The impeachment charges against Thomas Evitts, city jailer, will be tried publicly before a special session of the board of aldermen tonight at the city hall with Attorney Wheeler Campbell defending Mr. Evitts and Attorneys Bradshaw and Harrison as the prosecution. The charges are brought against Mr. Evitts by Mayor Yeiser.

NEW DIRECTORS FOR EQUITABLE

Twelve Were Elected at Today's
Meeting of the Society.

Three Directors Hand in Resignation But Senator Chamney Depew Remained.

FLASHES FROM THE WIRES.

New York, July 14.—At a meeting of the directors of the Equitable Life Assurance Society today, twelve new directors, recommended by the trustees of a majority of the stock of the company, were elected. Resignations of three former directors were accepted. Senator Chamney Depew's was not among the latter.

NO HALF HOLIDAY.

Secretary Bonaparte Will Make the Navy Employees Work.

Washington, July 14.—Secretary Bonaparte forwarded his decision in the matter of the half holiday for the employees of the Washington navy yard on Saturday during the summer to the department from Baltimore today. The secretary refers to the former report of the navy department to the president that it was not deemed expedient to grant the request for a half holiday at the navy yards, and says:

"This decision of the department having been approved by the president closed the question, but in view of the further requests to the same effect the secretary of the navy has carefully reconsidered the subject and concluded that the half holiday requested can not be granted with due regard to the public interest."

"The necessity for strict economy on the part of this department is obvious and so urgent that the department would not be justified in recommending to the president action involving serious additional expense to the government, whatever might be its desire to meet the wishes and promote the pleasure of its employees."

ILLINOIS WRECK.

Two Trains Collide and Two Men Were Killed.

Chicago, July 14.—Two men were killed and seven seriously injured in a collision between a Chicago Eastern Illinois suburban train and a passenger train at Steger, Illinois, this morning.

The dead: JAMES LINK, engineer, Suburban.

GEO. E. ESTEIN, passenger in smoking car.

The train crew claims the accident was due to an open switch.

Charles Horne, postmaster of Crete, Ill., died from his injuries.

IN "NOO YORK"

Miner Scott Will Lead a Strenuous Time.

New York, July 14.—Walter Scott, the Death Valley miner, arrived in New York this morning accompanied by his yellow dog. He was lauded by newspaper men and bundled into a cab and started out to see the sights of the city.

Hopkinsville Tobacco.

Hopkinsville, July 14.—The inspectors' report for the Hopkinsville tobacco market this week shows a small decrease in receipts but sales are about the same as last reported. The demand was good and prices ruled strong at the following figures: Common tags \$3.50 to \$4.50; good tags \$4.50 to \$5.50; common leaf \$5.50 to \$7; medium leaf \$7 to \$8.50; good leaf \$8.50 to \$10; fine leaf \$10 to \$12.

A Kid and His Gun.

Hartford, W. Va., July 14.—While playing with a shotgun, Thomas Kearns, aged twelve, accidentally shot and killed his four year old sister, blowing the top of her head off.

Marry in Metropolis.

C. R. Johnson and Palmer Patterson, of Paducah, were married at the Julian Hotel in Metropolis this morning.

GEN. LEONARD WOOD.

Will Be Sent to the Panama Canal Zone.

Washington, July 14.—The fulsome praise given General Wood, now in this country, by President Roosevelt in his address to the Long Island physicians, together with the report that Gen. Wood came from the Philippines on orders rather than at his own request, has given plausibility to the rumor that he will be sent to Panama to take some active part in cleaning up the isthmus.

Gen. Wood as the superior of Col. Gorgas, with whom he worked, effectually cleaned up certain pest ridden portions of Cuba.

Col. Gorgas is meeting with great obstacles in Panama, and it is thought likely that Gen. Wood, who is a skillful surgeon and sanitary officer, may soon sail for Cuba to look into the health conditions, and if nothing more advise the president what is necessary to prevent the spread of yellow fever.

It was hinted that Gen. Wood was to be given entire authority in the canal zone, but the appointment of Gov. Magoon as minister disposes of that. On account of his military rank he would not be placed in a position subordinate to Gov. Magoon, and if kept on the isthmus he would not doubt be given absolute authority over the health department.

STREET CAR LINE

To Connect Henderson and Evansville.

Henderson, July 14.—An amendment to the articles of incorporation of the Henderson Street Railway company, conveying upon that concern rights of annual significance has been filed in the office of County Clerk Powell. This is taken to mean that the company actually intends to build the traction line to Evansville from this city and to later extend the road to Uniontown and Morgantown as the plans previously announced have indicated.

The amendment was signed by J. E. Johnson and A. L. Rich and H. W. Richardson and was drawn up and acknowledged before a notary public in Cincinnati, Ohio.

The paper gives the company the right to build a line into Evansville, to own a ferry boat at this point on the Ohio river and to own such property as is necessary to the conduct of the business. A similar right is reserved to transact any business in other states of the union.

SCOTT A KENTUCKIAN.

Miner With Pendulum For Fast Trains From This State.

Cynthiana, Ky., July 14.—Walter Scott, the Death Valley millionaire miner, who made the famous record-breaking run from Los Angeles to Chicago, was born in Boone county, Kentucky, about thirty-five years ago, and when a baby in arms was brought here by his parents and lived in a house in this city opposite the home of Mr. W. S. Cason, a prominent young lawyer. Young Scott left here between the age of ten and fourteen years, and went to Texas. His mother was a Boone county lady, and died years ago before the boy left here, and his father is Col. Geo. A. Scott, a prominent horseman of this county, who lives about four miles southwest of this city.

Hobson For Congress.

Birmingham, Ala., July 14.—Capt. Richmond P. Hobson, hero of the Merrimac, following closely upon his positive and direct announcement that he would be a candidate for congress in the Sixth district, has given out an interview in reply to one recently published from Congressman J. H. Bankhead on the question of a broad rate reform.

THE PRESIDENT HAS A BUSY DAY

Has a Whole Host of Callers on
Different Matters.

The Japanese Minister and the Panama Canal Officials Are Among Them.

ALL DINE WITH PRESIDENT.

Oyster Bay, July 14.—Peace plans and the Panama canal project are claiming President Roosevelt's attention today. Minister Takahara, Chairman Shoats, Engineer Stevens, of the Panama canal commission reached here this morning and took luncheon with President and Mrs. Roosevelt, and left for New York on the afternoon train.

SPECIAL JURY

At Mayfield to Investigate Death of An Unknown.

Mayfield, July 14.—R. J. Bugg, judge of the Graves circuit court, has called a special grand jury together for Monday, July 24, 1905, for the further investigation of the cause of the murder of the unknown man who was found dead in a straw stack on December 22, 1904, that was not completed at the sitting of the grand jury of the late June term of circuit court.

It is understood that the late investigation found new information and it is thought the mystery would have been unraveled had the jury been permitted to hold further session and for this reason and by a petition signed by numbers of persons presented to Judge Bugg, the extra session is being called. It will be seen that the names of the next November grand jurors were the ones ordered summoned.

The air has been full of rumors regarding the "dead man" ever since the convening of the June term of court and has not decreased in the least. On all corners the topic of the conversations seems to be about this one subject and now since the special session has been called we will wait and see if there were any grounds in all the rumors of new developments.

The public is anxiously waiting for the news of an arrest and the name of the dead one to be announced.

THOUGHT IT A JOKE.

Unlabeled Surprised to Find Lemonade Instead of Liquor at the Louisville Elks' Reception.

Buffalo, July 14.—Visitors to Louisville headquarters nearly fell down dead with astonishment this morning. Louisville was dispensing true southern hospitality—of the finest lemonade with no stick in it. The blank looks on visitors' faces gave place to amusement when they caught on. Louisville is in for surprises, and what greater sensation can a Kentucky lodge of Elks spring than to keep open house without whiskey?

TWO GIRLS

Are Lost On Pike's Peak Towering Skys.

Colorado Springs, Colo., July 14.—Misses Josephine and Edna Filter, of Maquoketa, Ia., are probably lost on the slopes of Pike's Peak. They were members of a touring party which left Manitou Tuesday morning to ride to the summit, and have not returned. Their friends are greatly alarmed.

Nancy Hanks' Grave.

Indianapolis, Ind., July 14.—The neglected condition of the grave of Nancy Hanks, mother of President Abraham Lincoln, near Lincoln City, is calling out many protests from people of Southern Indiana, and especially of those who have contributed to the fund for placing the grounds in order and keeping them in condition. The commission has done nothing at the site of the grave since the monument was erected, because of inability among members to agree upon a plan of beautifying the grounds. Governor Hanley's attention has been called to the matter and he said today that he would call the commission together and see what could be done.

CALEB POWERS

Did Not Appear as Witness in Bench of Peace Case.

Newport, Ky., July 14.—Disappointment marked some faces in Commissioner Leonard's court this morning when Caleb Powers failed to appear. Many expected to see him in the role of witness. Mayor August Helmhold and Police Officers Paul Flynn and James Ratcliff were on hand to answer the charge preferred against them of interfering with a federal prisoner, in that they had prevented the placing of Caleb Powers in a cell room to which Jailer Ploeger had assigned him.

Attorney Thomas Carruthers, who appeared for Mayor Helmhold, stated to the court that Attorney Aubrey Harbourn, who had been retained on behalf of the other defendants, was necessarily absent from the city, having been unexpectedly called to Frankfort on business for the city of Newport in some bank tax cases. For that reason he asked a continuance. U. S. Commissioner Leonard thought the request reasonable, and after brief consultation continued the cases until 9 o'clock Saturday morning, and held the defendants on their same bonds until that time.

NOW IT'S WILSON.

Secretary of Agriculture May Soon Retire.

Washington, July 14.—Almost from the beginning of the cotton investigation at the agricultural department there have been persistent rumors that Secretary Wilson might wish to resign from the cabinet if anything wrong should be discovered in his bureau of statistics.

The criticisms, offered this week by well known cotton men, while based upon the administration of his office and the childlike belief of the secretary in the honesty of his subordinates do not contain the slightest intimation derogatory to his personal probity, yet they have given color to the story that the department may be given a new chief, after the present trouble has passed over.

Speaking for his father, Private Secretary Jasper Wilson, said today that the secretary will not retire at the present time as a result of the scandal in the department.

THE ILLINOIS CENTRAL

Investigating Route For Road to Smithland.

Smithland, Ky., July 14.—The I. C. R. Co. had a man here last week looking over the route between here and the Tennessee river bridge, to see whether or not it would pay to run a road into this place. We don't know what kind of a report he will make, but we are satisfied that if he made a thorough investigation his report will not be adverse. If there is any place in the state that needs a railroad worse than Smithland we have not heard of it. With the river as our only means of transportation and it frozen up half the year, and dry the other half, it would seem that a railroad is needed. We hope that our citizens will encourage this move and do all within their power to get a road to this place.

ALL FRANCE

Today Celebrating the Fall of the Bastille.

Paris, July 14.—All France is today celebrating a national holiday commemorating the fall of the Bastille. In Paris the customary parade of troops was held at Longchamp this morning. The innovation was inaugurated by President Loubet who led the parade of the troops personally.

GERMAN MINISTER

Refuses to Deny or Affirm Reported Demonstration.

Stockholm, July 14.—Minister of Marine refused today to confirm or deny the reports of a proposed visit of a large German fleet in Swedish and Norwegian waters, intended as demonstration of sympathy towards Sweden in the trouble which led to breaking union between Norway and Sweden.

Wife Murderer.

Detroit, July 14.—Early this morning, after a quarrel with his wife, Daniel Gray, plunged a knife into her breast three times, causing death a half hour later. Gray's mind was unbalanced sometime ago, and he was sent to Retreat, which he left only a week ago.

BEAUTIFUL LIFE COMES TO A CLOSE

Mrs. Elizabeth Watkins Wheeler
Died Yesterday in Texas.

The Mother of Ex-Congressman Chas. Wheeler, Mrs. Campbell and Mrs. Bradshaw.

BURIAL TO BE AT HOPKINSVILLE

Mrs. Elizabeth Watkins Wheeler died Thursday, July 13th, at the home of her daughter, Mrs. Bettie Drane Willig, of Waco, Texas, where she had been visiting. The announcement of her death was received last night.

Thus ends a long, useful, beautiful and happy life.

Mrs. Wheeler was a picture of old age seldom seen, for she was up to the last hour of her life, remarkable for the happiness she found in life. No life ever touched hers that did not feel the influence of her love of God and man, and take on new courage to fight life's battles, and hope for larger usefulness and happiness.

She was a daughter of Joel and Mary Watkins of Buckingham county, Virginia, and was born in 1822, was married in 1841 to Dr. James Wheeler, moving in a short time to Christian county, Kentucky, where they built a handsome home and reared a large family of sons and daughters. Her home was a center of hospitality for nearly sixty years, and many people from all over Kentucky have been welcome guests. Her loving friends are numbered by hundreds, few if any, mothers were ever loved so well, her children most of all the world, saw and knew her as she really was and to each of them earth is emptier for her going, and there is sorrow that will stay. Always cheerful, always in full sympathy with those around, whether young or old. Her religion was not of the austere type, but of that class that carried home the conviction to all of its genuineness, and of a faith in her Redeemer in a way that made religion all sunshine.

Mrs. Wheeler was well known in Paducah, having made her home for some years with her daughter, Mrs. W. F. Bradshaw. The other children are: Hon. C. K. Wheeler and Mrs. James Campbell, of Paducah; Mrs. Emma Wheeler Woolfolk, of Arkansas; Mrs. Henry Turley, of Natchez, Miss.; Mrs. Sue Wheeler Hodge and Mrs. Willig, of Waco, Texas. Mr. Wheeler went out to Waco and will bring the remains back to Hopkinsville, Ky., where she will be buried beside her husband and sons.

The funeral will be from Grace Episcopal church in Hopkinsville next Sunday morning.

SERVANT GIRL PROBLEM.

Young Indian Women Giving Satisfaction in Wisconsin.

Appleton, Wis., July 14.—The servant girl problem in this district has been partially solved by the employment of Indian girls who have graduated from the government schools. Several are now in the kitchens of families here, receiving the same wages as white girls. They have all taken courses in domestic science at the school and their work is praised by the employes. From thirty to forty more from Oneida reservation will graduate shortly, and according to one of the Indians employed here, they will seek kitchen work in Green Bay and Appleton. Among those employed here are several graduates of the Hampton school in Virginia.

HOW IS THIS

For a Sure Enough Fish Yarn Proper?

Messina, Sicily, July 14.—Fishermen yesterday caught a dogfish which measured 17 feet. When cut open the body of a boy eight years old who disappeared several days ago, was found intact in the fish's stomach.

Gen. Miles for Governor.

Boston, July 14.—It is declared that Gen. Nelson A. Miles is a candidate for the Democratic gubernatorial nomination in Massachusetts, and the present indications are that he will win out. Gov. Douglass is not a candidate for re-election.

Yale Dentists

Having opened the finest and most up-to-date Dental Office in the STATE, we have decided, "In order to introduce our SUPERIOR DENTISTRY," to do all work FREE for the first 15 DAYS UNTIL AUG. 1, making a small charge to cover cost of material.

ANOTHER ICE PLANT

WOULD NOT PAY, SAVES ONE INTERESTED IN OLD PLANT.

The Price of Ice in Paducah is Not Exorbitant—Same as That of Other Cities.

In an interview with a stockholder and director of the Paducah Ice Co., today regarding the proposed new ice factory that is being agitated by some of our citizens, the Sun reporter got the following information:

Paducah has two ice factories, owned and controlled by the company here, with a total capacity of about one hundred tons daily. The upper plant was run last season about fifteen days, the balance of the time being idle. The first street plant was operated about half the season, owing to the falling off of the trade on account of cool weather last July. The price of ice here is not exorbitant and is the same in other cities of even larger proportions than Paducah, except where there is a local light, and the prices then are about one dollar per ton lower than here. "It seems to be the impression," said this stockholder, "that 'there's millions in the ice business,' but those having tried it will tell you differently. If any citizens of the city desire to engage in the manufacture and sale of ice, they might do so and purchase the idle plant belonging to the Paducah Ice Co., for it is dead capital on our hands."

The Indians Should Have Taken Yesterday's Game.

Kolbites Were Desperate—Henderson Dropped a Game to Hopkinsville Yesterday.

AND CAIRO BEAT PRINCETON

	W.	L.	Pct.
Paducah	48	23	67.8
Vincennes	42	28	60.0
Princeton	35	37	48.6
Cairo	34	37	47.9
Hopkinsville	28	41	40.6
Henderson	25	46	35.2

Yesterday's Results.
Vincennes 2, Paducah 1.
Cairo 1, Princeton 3.
Hopkinsville 4, Henderson 3.

Today's Games.
Vincennes at Paducah.
Princeton at Cairo.
Hopkinsville at Henderson.

The Kolbites, fresh from the swamps of the Egyptian city, placed a damper on the ardor of the Indians at Wallace park yesterday afternoon, but several times during the game the Hoosiers were troubled with heart failure and but for a few dumb and unfortunate plays would have lost.

The Kolbites were out after blood and with the younger South in the box thought they had a "chance" on the contest. South showed up in great shape and but for two unfortunate hits and a little piece of slow fielding, might have walked away with the laurels. As it was the Indians went to the club room with heads in their hands, but they were game and all the unspent ammunition will be used today and tomorrow when the Kolbites and Indians meet again.

In the first inning the Hoosiers drew four up and went to bat, Hahn sacrificed him to second and Cooper singled a single to right field which Decker did not field in quick enough. Wilkinson scoring. Cooper went to second on the throw and Thompson singled to right, Cooper scoring on the throw home and Thompson gaining second sack. Hipbert and Barbour missed three each and retired the side with Thompson left on the sack.

The Indians settled down and played ball that shapely paralyzed the Kolbites. There were times when the Hoosiers thought it was another case of "daubers down" to report to Gosnell and the other money fluffers in Vincennes, but their scalps were saved by a miracle.

The Indians scored one run in the seventh by hitting and running with the assistance of a few bobbles. Taylor had been retired and Perry drew a pass to first, Potts hit to Cooper and in his haste to complete a double, Cooper fumbled and both runners made safe. Land singled and also did Decker, scoring Perry. With three men on bases South was sent to the bat with instructions to bunt. He hit the ball straight to Duggan who fielded to home and Forney fielded to Wilkinson, completing the only double of the day.

The summary follows:

Vincennes	ab	r	h	po	a	e
Wilkinson, 1b.	3	1	0	14	0	0
Hahn, lf.	3	0	0	0	0	0
Cooper, ss.	4	1	1	4	2	1

The Score by Innings.
Inn's 1 2 3 4 5 6 7 8 9 R H E
Vinc. 2 0 0 0 0 0 0 0 2 3 2
Padu. 0 0 0 0 0 0 1 0 0 1 7 1
Sacrifice hits, Hahn; stolen bases, McClain, Gilligan, Taylor; double plays, Duggan to Forney to Wilkinson; left on bases, Vincennes 3, Paducah 3; struck out, by Duggan 4, by South 9; bases on balls, off Dug-

gan 2, off South 1; time of game 1:35.
Umpire—Eckstone.

Lunatics Win.
Henderson, Ky., July 14.—The lunatics trounced hits and beat the Hens yesterday in a well played game. Hopkinsville made many errors and the runs scored to Henderson were secured on bobbles.

Hopkinsville	ab	r	h	po	a	e
Hopkinsville	4	10	5			
Henderson	3	9	1			

Cairo Wins Another.
Cairo, Ill., July 14.—The Egyptians defeated the Raylets yesterday in a loosely played game, errors being made by both sides.

Princeton	ab	r	h	po	a	e
Princeton	3	4	5			
Cairo	4	10	6			

Decker made another sensational catch in right garden yesterday.

The Indians had two chances of getting the game yesterday. Three hits and such excellent control should have won out for any one.

Frakes will pitch today unless it is decided that Bonno go in and in event of the latter, Platt will work.

Eddie Kolb is beginning to pat himself on the shoulder again. He thought at first he would have to report three straight games lost.

Old time baseball players can be found in all trades and professions and if possible to secure the name of every Paducahan who has some time in his life played professional baseball, the list would doubtless be lengthy.

There are two old time ball players in the local I. C. yard department. They are Yardmaster G. M. Stonebreaker and Foreman Kelley Charlton, of switch engine No. 85, yard service.

Yardmaster Stonebreaker played many years ago at shortstop for the Carlinville, Ill., "Reds" and is said to have been a fast player.

Foreman Charlton played regular league baseball in the Southern league when it was in its infancy eight years ago. He played first sack for Little Rock and is still a young man and able to put up a stiff game. Both Mr. Charlton and Mr. Stonebreaker have their suits, ball players always taking their uniforms with them at the close of a season.

The batteries for today are Bonno and Forney, Frakes and Land.

Capt. Eddie Gilligan has resigned the captainship of the Indians. He was "called down" yesterday by a player for instructions he had given, and naturally felt vexed. Gilligan is the "headiest" ball player in the league and should not be allowed to quit the directing of the team work as his place can not be filled easily. He will remain captain and acting manager until the return of Manager Harry Lloyd, who is expected home from Cincinnati tonight.

Manager Eddie Kolb, of the Vincennes team, has arranged to play a double header with Hopkinsville here Sunday, the Hopkinsville team being unable to play the game there on account of the prohibition of Sunday baseball. The first game will be called at 2 o'clock and one admission for the two games will be charged. The second game is a postponed one from the last trip. Duggan and Bonno for Vincennes; Perdue and Bonnar will be the batteries.

THE NATIONAL GAMES.

COMMODORE PEARY

Will Sail For North Pole Sometime This Week.

New York, July 14.—With \$35,000 subscribed today toward his expedition to reach the north pole, Commander Peary announced that he will sail this week for the north.

Peary's new Arctic ship, The Roosevelt, has been waiting several days for supplies, which could not be brought on account of lack of funds.

The polar expedition, which has been in preparation since October 15, 1901, has cost \$150,000 including today's subscriptions. Morris K. Jessup, president of the Arctic club, subscribed \$25,000 today and Thos. H. Hubbard gave a check for \$10,000. Hubbard also offered to join with any one "believers" in north pole expedition in putting \$25,000 into a fund to be divided among members of the Peary party, in case they succeeded in reaching the pole and returning to New York within 18 months after their departure from here.

In announcing that his ship is at last ready, Peary today made public for the first time a donation of \$50,000 given by George Crocker in January last.

From here the Roosevelt will proceed to Svalbard, Cape Britain where the New York crew will give up the ship to a picked crew, which is already waiting on the Erie, a coal ship, which will accompany the Roosevelt to latitude 79. The Erie will then return south, bringing Mrs. Peary with her.

Graves County Farmers.

Mayfield, July 14.—Chairman J. W. Fisher states that the Association and those interested in tobacco, will meet at the court house next Monday at 10 o'clock. He says that he is informed by U. T. Young, inspector, that the association has sold in all 700 hogsheds and that 1,200 samples are now in Bremen, on sale. He also says that 1,000 hogsheds, mostly French tobacco have been bid on, but the bid was 25 cents too low. He says their tobacco is being wanted by many parties at present.

He also states that Congressman Ollie James will probably address the farming interests in this county the third Monday in September. Mr. Fisher is very much encouraged and asks the farmers to stand firm and they will be rewarded.

Regulate Express Rates.

Frankfort, Ky., July 14.—In an opinion of the state railroad commission, filed here today by Chairman McChord it is held that the Adams and Southern Express companies are common carriers within the meaning of the Section 218 of the constitution, and that their charges can be regulated, where considered exorbitant, by the railroad commission. The question will likely go to the courts for final determination.

CONFERENCE CLOSED LAST EVENING

The Four Day's Session Had Been Very Profitable.

Five Young Men Were Granted License to Preach—Satisfactory Reports by Committees.

NEXT MEETING AT BARLOW.

The Paducah district annual conference was brought to a close last evening after an interesting four-days' session. There were a total of 25 pastors and 75 laymen present besides many visitors. The conference proved to be one of the most successful in every particular ever held.

The following applicants were granted license to preach: H. A. Hamby, A. H. Davis, Carlisle Hicklin, Morris Carpenter and Thomas Lane. The applicants must first go through a four-years' course of study for the pulpit, but those who have been studying will be given credit for the length of time they spent in this work prior to the licensing.

A very satisfactory report was made by Rev. T. J. Newell on Sunday school work.

Rev. R. W. Newsome preached a very good sermon on "Missions," and following this a report was made by the committee on Missions. The report dealt with the missionary work being done by the Methodists. For home mission work a total of \$1,400 was spent during the past year \$1,100 being expended in Paducah about \$3,000 was expended outside the district.

Resolutions against Sabbath excursions of all kinds were unanimously adopted.

The following were elected delegates from Paducah district to attend the annual Memphis conference to be held at Mayfield: Messrs. B. H. Scott, T. E. Ford, Paducah; C. Barlow, Barlow, Ky.; and Prof. Browder Clinton. Mr. Scott was named a lay member from this district on the board of missions of the Memphis conference.

The place of meeting for the next conference was fixed at Barlow, Ky., but the date of meeting left open until after the Memphis conference.

The conference closed with a sermon by Rev. Watts, of Lovelaceville, but prior to the sermon resolutions were adopted thanking Rev. Fields, of the Third street church, where the conference was held, for his church and his many courtesies.

Rev. Watt's text was, "Hast Thou Forsaken Me" and was an excellent sermon.

The total membership of the churches in the district is 9,860, the Paducah Broadway Methodist church having the largest membership, 730 members.

AUGUST SEVENTEENTH

Will Be the Date of the Gun Club Live Bird Tournament.

The date for the fall tournament to be given by the Paducah Gun club has been fixed for the 15th, 16th and 17th of August, and it is expected there will be many crack shots here to participate in the shooting.

The state encampment will be here at this time and many excellent marksmen will doubtless come along with the regiments. A committee composed of Messrs. A. Mercer, Ben Weille and Dr. W. L. Hansbro has been appointed to arrange the program.

The first two days will be consumed in target work, the live bird shoot to come off on the 17th. There will be an entrance fee of \$25 in the live bird events.

SCHOOL FUND.

McCracken County to Get \$18,000 From State.

According to information sent out by Supt. of Public Instruction Enqua at Frankfort, McCracken county will receive from the state a total of \$18,000 as its portion of the state school fund. For every school child the state allows this year \$3.25, the largest ever allowed. Last year it was \$2.95. There are 6,000 school children in this county.

To Move Garbage Dump.

The city has secured the right of way through property on North Sixth street to the river and will open a street to the river and will move the garbage dump, now located at the foot of Clay street, to a point below the 1. C. Incline.

WORK FOR GREATER PADUCAH

The Sun is pleased to give space to the following item from the pen of a gentleman much interested in the progress and welfare of Paducah:

What is the matter with Paducah? Where is the civic pride, energy and public spirit that should be displayed in a town the size of Paducah? Favored as we are, most graciously by natural conditions we should be far ahead of what we are today. Paducah should be famous the country over for her progressiveness, public spirit and civic pride. For some inexplicable reason these virtues seem to be almost completely lacking in many of our citizens.

Paducah through the Commercial club has been making an effort to interest the public and advance the interest of the city and endeavor to keep pace with the rest of the country.

Many members of the Commercial club have been making an earnest effort to interest the citizens of Paducah in the work they have undertaken and to excite the civic pride and public spirit which in so many seems to be utterly lifeless. Too many citizens seem willing to profit by the labor and progressiveness of their neighbors. It is a humiliating and deplorable fact that these conditions exist. The time is ripe to greatly advance our city's interest and to in a large measure add to the happiness and prosperity of every individual in the city of Paducah. It is for the citizens to grasp the opportunities and wake up to self-interest and do something.

The failure of so many otherwise worthy citizens to display any interest whatever in matters of public interest retards and hampers the substantial growth of our beautiful city.

It is said the Commercial club has received applications from people representing various enterprises who desire to locate here, and take part in the great business affairs that are slowly increasing our business and social importance, in spite of the lack of civic pride and public spirit of so great a number of our people.

Some large enterprises that would be of great importance to the city have approached the Commercial club with a view of locating in Paducah but on account of the fact that no substantial encouragement can be offered, these enterprises are forced to seek locations and business encouragement elsewhere.

Cities of less than one-half the size of Paducah within only a short

distance of us are able to reach out a helping hand to enterprises of vital interest to their prosperity and growth. They are able to do these things because of their ability to get together, because of their ability to have concerted and harmonious action; because they are alive to their own interests and every man, willing and anxious to add with a little money and encouragement; because of this unity of action great results are obtained, even by small bodies, while in Paducah apparently it is impossible to secure unity of action on any proposition whatsoever, no matter of how great importance, or how vital to the public good.

The most substantial citizens of Paducah who have built up their fortunes and homes and have their interest at stake here, who would be more greatly benefited than many others and who from every point of view should lend encouragement, to the work the Commercial club has in hand, turn only a deaf ear to the earnest appeal of those having these matters in hand, and persistently refuse to encourage or assist in any way even by good words. It ought to be impossible to find in a city like Paducah any man who is willing to sit down idly and profit by the hard work others are doing in public affairs which of necessity improves and benefits his property, or business, adds to his convenience, and promotes his happiness and health. Certainly fair-minded men will realize that they owe something more to public spirit and civic pride than cold water which can be had free on every block in town.

We should have in a town the size of Paducah a membership in the Commercial organization of at least 2,500 progressive, ambitious citizens willing to lend substantial encouragement to everything that means public improvement and increased business interest. This club has a membership of something like five hundred, it is said. Quite a number of these members take little or no interest in the work of their organization but on the contrary wield that little hammer in a promiscuous way calculated always to do harm and never good. Is it not possible to change these conditions? Is it not possible to arouse the citizens to a realization of their responsibilities and opportunities and steadily increase the number who are willing to come out manfully and assume their obligations and assist in this highly creditable work? We believe that it is possible to awaken this interest and increase the membership of this Commercial organization so rapidly that the few who hold back can be by the overpowering example of others shamed into doing that which even from any standpoint means their best good, so that when vital matters of public interest are taken up in our city every man in town will be leading some degree of encouragement and assistance, and no one be found to work the cold water pump, or abuse those who do try to better conditions.

The city of St. Louis raised \$500,000 by public subscription within only a few days for the world's fair. They were able to do this because of the public spirit of the citizens.

We ask again, what is the matter with the citizens of Paducah? Why is it that absolutely no interest can be aroused? It is not because they have not been pleaded with to co-operate with the only Commercial body they have, who are trying to promote the city's interest. Certainly it is time for public awakening of great interest in this Commercial club work.

The Commercial club appeals to every citizen of Paducah and McCracken county to identify themselves in some manner with the work they have in hand. They appeal earnestly to the civic pride of every citizen, whether he be a wealthy tax payer or as poor as a church mouse to

Diarrhoea and Dysentery

And similar summer bowel disorders demand prompt attention. Such attacks should be checked as soon as possible.

A BARGAIN BANQUET

Sixth sale begins
Saturday morning

and ends when the goods are sold. Not every day bargains confined to a few stocks, but a whole store's merchandise pruned, cut and price reduced to such an extent that every stock beckons you with a host of tempting offerings. This is a sweeping-out, clearing-out, stitch-in-time sale—a getting ready for fall trade.

HARBOUR'S
DEPARTMENT STORE
North Third Street
Half a block from Broadway

encourage and assist in some manner in the work they are trying to push. I believe it to be the duty of every individual to be willing to devote some of his time and means to important matters of public welfare and what other way can a city like Paducah best promote the general good except through a representative Commercial organization?

The Commercial club of Paducah invites the assistance of every citizen in the city and county who would like to see our business interests largely increased; who would like to see additional railroads come to our town; who would like to see provided a beautiful park for the health, pleasure and benefit of our citizens; who would like to see all the good things that can be brought about by the concerted efforts of all of our people. Assist them to go after these things in a way that will get them. The Commercial club invites you to visit their headquarters at 118 South Fourth street, and enroll yourself as a member and worker who is willing to help accomplish these great things.

Only a few months of active work has been done by the present organization and we are informed over 65,000 pieces of advertising matter has been sent out through the mails. A number of our business houses have been supplied with additional advertising matter that is being sent broadcast over the country. Applications have been received and are being received almost every day from manufacturing enterprises seeking locations. Over sixty applications have been received from various sources and are on file in the club office. Some of these may decide to locate in Paducah. If sufficient interest was shown, many of them could be induced to come among us. If the citizens who are under obligations to assist in this work will come forward now at this time and enroll themselves as members and workers it will lend encouragement and form a combination that will make the officers and active members of this Commercial body a power for good in the community that will be irresistible.

Yours for Greater Paducah.

ALEXIS.

LOOKING FOR J. R. HORD.

Resident of Houston, Texas, anxious to find him.

L. L. Emery, of Houston, Tex., has written Sheriff L. D. Potter asking for information which may lead to the location of John R. Hord, who lived in McCracken county in 1856. Deputy Sheriff Lydon referred the matter to several old residents but they could remember nothing. He will appreciate any information he may receive relative to the matter.

YOU DON'T HAVE TO WAIT

Every dose makes you feel better. Tax-Pos keeps your whole insides right. Sold on the money back plan everywhere. Price 50 cents.

Complaint of Bad Drainage.

Property owners on South Second street from Broadway to Kentucky avenue complain of defective drainage and the matter will probably be presented to the legislative boards. They claim rain water does not drain into the manholes at each end of the paved street. The contractors claim the work was done according to the grade given by the city engineer and that he later accepted the work.

The nice increase in our business since the first of the year is very encouraging to us.

PADUCAH BANKING CO.

IN THE COURTS.

Two Arrests for Alleged Beer Selling on Street Car.

Will Dicks and Will Kirk, colored, who are charged with having conducted a portable saloon without license, were granted continuances in police court this morning in time to prepare a defense and to give more time to the authorities in which to secure witnesses.

These are the two negroes alleged to have set up a stand in a trolley car two nights ago when a party of colored people gave a trolley ride. The beer was distributed through the car by small boys who were supplied with baskets filled with bottled beer. Another feature of the trolley ride was a fight between two negroes, a man and woman, at Sixth and Broadway, in which the woman got the worst of the encounter. The police have arrested the names and are looking for the two. They are said to be M. Roberts and Lena Mallory. The woman was painfully wounded in the head being struck with brass knuckles.

Other cases were: Hermann Karnes, Clyde Matthews and James Graham, white, gaming, continued. W. W. Gibson, whose saloon stand is unsigned, selling liquor without license, \$20 and costs; Henry Harrison, colored, breach of the peace, \$5 and costs; Will Hamilton, white, drunk and disorderly, continued.

Charlie Glenn, the 12 year old son of Mr. Tom Glenn, the telegraph operator, was held over this morning for housebreaking, the boy pleading guilty to the charge and will be sent to the reform school.

The youth admitted that he had entered the residence of Charles Denker and stolen a sack of tobacco and a diamond ring but said he went in after money. He did not deny that he had committed other thefts and his father, who seemingly has no control over the son, asked that the boy be sent to the reform school.

Judge Sanders has no authority in this matter but held him over to the county court and the father will pay the matter before County Judge Lightfoot.

Mr. F. N. Gardner, of 1115 Monroe street, reported a robbery case to the police this morning.

While cleaning house several negroes were employed and shortly after they left the house last night. It was found that several articles of wearing apparel were missed. A search failed to reveal the clothes and the matter was reported to the police.

Detective Will Haler was put to work on the case and thinks he has spotted the right person and will likely effect arrest today.

Pete Griffin Reported in Trouble.

Pete Griffin a former resident of the city and a character well known to the police, is said to be in jail in Murphysboro, Ill., charged with aiding a prisoner to attempt an escape from the county jail. It is said a prisoner who was in jail waiting for trial for safe blowing, tried to escape with the aid of Griffin, but was thwarted. Griffin was then locked up. It is said.

County Court.

County Judge R. T. Lightfoot this morning tried two boys, one white and one colored. One got thirty days in county jail and the other's case was held under advisement.

Charlie Glenn, white, age 12, pleaded guilty to breaking into the residence of Mr. Charles Denker and his case is being held under advisement. His father desires to have him sent to the house of correction. A decision will be rendered tomorrow.

Dennis Reed, colored, age 13, was given thirty days in jail for petty larceny. He pleaded guilty to stealing a grip out of a buggy at the city scales several days ago.

PADUCAH WAGON WORKS.

Building and Lot to Be Sold by Trustee.

Tomorrow morning at 10 o'clock Trustee Roy McKinney will sell the building and lot of the Paducah Wagon Works Co., at Washington and Second streets, to the best and highest bidder.

The firm filed a petition in bankruptcy, giving liabilities to the amount of \$7,000, with the house and lot and machinery as assets. The appraisement of the house and lot was fixed at \$9,000 and if this does not bring enough to satisfy the debts, the personal property will be disposed of later.

—Another run on copyright books. Gordon Keith, Brewsters Millions, History of David Grieve, and hundreds of others. Only 50c at R. D. Clements & Co.

The Woodmen of the World are preparing for a grand basket picnic and jubilee at Fulton today. All neighboring camps have been urged and the general public invited to attend. The picnic grounds will be on the Levi Snow farm, four miles south of town.

The stock of H. B. Grace, the cigar and tobacco dealer who resigned several days ago to James Campbell, Jr., was sold by the assignee yesterday afternoon at a private sale to Mr. Taylor Fisher for \$1,000. The stock was appraised at \$854 by Messrs. Robert McChelle, Taylor Fisher and Harry Randolph.

The Winstead Medicine Co. now occupying a store-room on Seventh street between Kentucky avenue and Washington street has begun moving stock to the building just vacated by Friedman, Keller & Co.

Misses Mattie VanPelt and Kate Nunemacher have formed a partnership to do all classes of stenographic work. They have engaged rooms in the Fraternity building and both being excellent stenographers, will doubtless make a success in their work.

On account of the illness of Secretary Harry Judd, of the Mangum lodge, I. O. O. F., the installation of officers elected last week was postponed until the next regular meeting.

Miss Hazel Cline, the daughter of Mr. W. D. Cline, of Fourth and Tennessee streets, stepped on a rusty nail yesterday morning and is today unable to walk.

The agency at West Point and office of operator in the Louisville I. C. dispatching office are vacant.

They are on a regular inspection of the road and will look over the new bridge at Gilbertsville which was Monday thrown into service. They will remain in Paducah this afternoon until 4 o'clock and then leave for Louisville on a special train.

WOULD CAUSE TROUBLE.

Ascension of Danish Prince Charles to the Throne of Norway.

Stockholm, July 14.—Charles R. Flint, of New York, arrived here today and had a long interview with Minister of Marine Palander. Mr. Flint declined to state the object of his visit.

The semi-official Dagblad, referring to the rumor that Prince Charles of Denmark may ascend the throne of Norway, says:

"It would cause astonishment, not to say worse, if Denmark allied herself with a country which through revolution robbed a lawful king of one of his thrones."

Depositions were concluded in the case pending in the Livingston circuit court in settlement of the estate of M. Broomfield, formerly of Livingston, but later moved to Texas, dying and leaving much property in Texas and Kentucky.

ANOTHER SCANDAL.

This Time in the Printing Department.

Washington, D. C., July 14.—As a result of the state of affairs disclosed in the government printing office, there is certain to be a big shakeup when President Roosevelt gets back to town. The disclosures brought out by the investigation of the contract by the public printer have convinced officials that there must be a change of personnel to the full extent of the president's authority.

The president has not been mindful of the conditions although he has not known the extent of the mismanagement.

—Fred Gray, driver of one of Frank Fehr's brewery wagons, was bruised considerably this morning when his horse became frightened in front of the ice house on First street and throwing him off the wagon dragged him quite a little distance between the wagon and a string of railroad cars that were on the track at that point.

—In the case of W. J. Cox, assignee and trustee, against the Dawson Springs Hotel Co., in Hopkins circuit, in contest with the general creditors and bondsmen, the sale money is being held while C. C. Grassham prepares the depositions of general creditors scattered throughout the country.

Postmaster Allard Williams has returned from visiting his brother, Mr. Penilla Williams, at Cairo.

Fire at Columbus.

Columbus, O., July 14.—Fire this morning burned out the Central Union Telephone exchange, entailing twenty-five thousand dollars damage, and putting the exchange out of business probably for several days.

UNCAMPOGARY.

Paducah, Ky., June 20, 1905. I have tried uncampegary in place of quinine on my own child, who had fever and I think it is a sure and successful substitute for quinine without the bitter taste and ill effects on the head.

DR. LEE DEMYERS.

The above is a new tasteless quinine form for babies and children who cannot take capsules. It is making a big hit. Try it. At all druggists. Smith & Nagel, special agents, Paducah, Ky. 25c.

A Great Remodeling Sale in Our Children's Department We Want More Room REDUCTIONS ON ALL CHILDREN'S CLOTHING

Our great, growing business in Children's Clothing and Furnishings demands more room and we shall have it. The contractors take charge in a few days, and therefore we must clear out the stocks. To do so we shall inaugurate the greatest Children's Clothing Sale of the year, and every Mother's son who needs a suit now, or will for months to come, will find it a great money maker to attend this sale.

We will make a **25 per cent. reduction** on all clothing and an equally attractive cut on all boys' shirts, hats, caps and furnishing goods.

The sale will start at once and continue with vigor. It means big money to you if taken advantage of. Do it.

KENTUCKY NEWSLETS

Price Current Report.

Louisville, July 14.—Leading crops not radically changed in indications. Wet weather interfering with harvesting and threshing, securing hay without widespread seriousness. Winter wheat likely about 100,000,000 bushels; spring wheat present basis about 265,000,000 bushels. Corn position encouraging. Oats indicate over 900,000,000 bushels. Packing 405,000, against 410,000 last year. Packing for season to date 3,760,000, against 3,140,000 hogs a year ago, an increase of 620,000.

Railroad Commission.

Louisville, July 14.—The Kentucky Railroad Commission in session here today, has a number of complaints before it.

The commission will attend the hearing on grain rates in Louisville to be given by the United States Interstate Commerce Commission tomorrow.

The members of the State Railroad Commission are C. C. McChord, chairman; McD. Ferguson and A. T. Siler, all of whom are attending the meeting.

Brought \$1 Per Bushel.

Hopkinsville, July 14.—S. T. Burns, of Daviess county, has sold 1,523 bushels of wheat for one dollar a bushel to neighboring farmers, who will use the grain for seed. The variety is a very prolific one and it has been in cultivation by Mr. Burns for the past three years, and he has established its adaptability to Daviess county soil. This year he has raised as much as forty-three bushels to the acre. The wheat also threshes out very clean. The grain is larger than ordinary wheat and it is said to be as good in every respect as the older varieties for flour making.

Louisville Tobacco.

Louisville, July 14.—The People's Warehouse offered 89 hogheads today. 84 Burley and 5 dark. Prices on the Burley ranged from \$5.70 to \$14.75 and from \$5.40 to \$6 on the dark. There were ten rejections and the market was unchanged. There were 25 offerings of Burley at the Planter's Warehouse, which ranged as follows: Leaf from \$10.50 to \$17; lugs from \$8 to \$14, and trash from \$6 to \$7.00. Only three hogheads

were rejected and the market was a little more active than that of yesterday. Thirty hogheads of Burley were offered at the Central Warehouse, which brought from \$3.50 to \$12.25. The market was a little stronger than yesterday. There was one rejection.

The State Warehouse offered 129 hogheads of Burley. The lowest price was \$4.30 and the highest \$17.75. Rejections were very few and the market was stronger than that of yesterday.

Madstone Adheres for Hours.

Milton, Ky., July 13.—Wm. Heath, a farmer living near Brooksbury, Ind., was bitten on the hand by a dog about ten days ago. Nothing was thought of it at first, but a few days ago the hand began to pain him, so he came to Milton to try the madstone. The stone was applied to the wound on the hand, which was only a small one, and it adhered for six hours. The stone was then removed, cleaned and again replaced, when it stuck to the sore for ten hours. Mr. Heath is yet here and says he intends to remain as long as the little stone will take hold the sore on his hand.

Moonshiners Fight.

Owingsville, Ky., July 14.—Details just received show that the moonshiners ambushed the officers in the battle in the Leitch county mountains Tuesday night. The officers, headed by Deputy Marshal A. R. Porter, were riding along a deep ravine searching for Cole Centers' still when a side fire was poured at them by moonshiners. The officers returned the fire, and for nearly an hour the battle raged. Over 100 shots were fired. Finally Porter led his men in charge and the moonshiners fled.

The officers found Centers dead, with several Winchester balls in him. Henry Adams and Joe Tucker were found groaning on the ground fatally wounded. Adams is dying.

The moonshiners are reported preparing for revenge, and another battle is feared.

JAKE CORBETT

Addresses Convention of County Attorneys in Session.

Crab Orchard Ky., July 11.—The normal crowd at Crab Orchard Springs was augmented by the arrival of members of the Kentucky County Attorneys' Association, fully one hundred being in attendance. The session began with the reports of officers. Jacob Corbett, of Ballard county, delivered an important address in favor of the return to the viva voce system of voting at elections, and advocating the adoption of the amendment to the constitution now pending, providing for a return to the ballot of our fathers.

ELKS' LODGE PRIZES.

Toledo Draws First Honors For Best Appearing Lodge.

Buffalo, N. Y., July 14.—The committee on the Elks' parade prizes announced first prizes as follows: Best appearing lodge in parade, Toledo Lodge No. 53.

THE BAZAAR, 329 BROADWAY

ville to Evansville.

Its water to Mammoth Cave will be possible in a short time and it is expected that the first boat will go over the Green river route October 1. Work on lock No. 6 on Green river is progressing rapidly and unless unexpected difficulties arise the whole will be completed within the next two and one-half months. Both walks of the lock have been completed and the gates, to be put in by the government, are now in readiness at lock No. 4, at Woodbury. The only part of the work not completed is the dam and the abutments, which will be constructed of concrete on a

foundation of piles and rocks. The time limit under the contract is January 1, 1906.

The Cincinnati Business Men's club is getting ready to place a Cincinnati boat in the Kentucky river trade. The committee of the club now has about a half dozen offers of boats for sale, one of the largest being from Capt. John Burnside, of Burnside, Ky., who has several boats in the Green river and Tennessee and Cumberland trade.

The Henrietta coasted up this morning preparatory to taking a trip up the Tennessee river for the day. The Pavonia is due in today from

the Tennessee river with the boat the Ayer & Lord Co.

The Fritz leaves tomorrow for New Orleans after undergoing repairs here.

The Dick Fowler will run an excursion to Smithland Sunday. These excursions are well conducted and generally appreciated affairs.

One-Fourth Off

Our Great Loom End Sale Still in Full Blast

THIS IS NOT A GOING OUT OF BUSINESS SALE, BUT A TRADE WINNER AND A BUSINESS BUILDER. EVERY PRICE WE MAKE IN THIS SALE IS A SAVING FOR YOU. ITS MONEY TO YOU TO ATTEND THIS SALE

AND for one week longer we will continue this great bargain-giving sale. Hundreds of people have taken advantage of these special bargains, but we have thousands of yards left of these Loom Ends and Mill Remnants, and goods that are not remnants, at prices far below cost of production. We bought these goods at a clean-up sale and this is why we can do it. If you let this opportunity slip you will be the loser.

A BETTER OPPORTUNITY YOU'LL NEVER HAVE TO BUY GOODS CHEAP. THIS IS NOT A LOT OF CHEAP TRASH, BUT GOOD SEASONABLE MERCHANDISE, SUCH AS IS USED IN EVERY HOME.
